

Name	Content :relevant & correct?	Was it designed with audience in mind?	Quality of transitions and choice of templates	Layout of slides :too much info crammed into 1slide or evenly spread out?	What impressed you most about the presentation? (think about the level of creativeness)	Suggestions for improvement.	Mark out of ten.

Look at the comments you have made give a mark out of ten.

Remember who the audience is. Do you think that the presentation was designed specifically for the audience?

Was there any information that was unnecessary?

Was there anything in the presentation that was

Incorrect ? (this may be the result of lack of research!)
